31 responses

The suggestions and observations of the students are regarding the poor infrastructure of the college where they have highlighted the necessity of more faculty, practical instrument, computer and smart rooms. They have accentuated the need for a distinct common room for boys and also separate departmental classroom. Regarding the teachers of the department, they have spoken of their helpful nature and some of them have appraised the overall teaching-learning process as excellent.

Action taken by the Department: As most of the recommendations relate to the infrastructure of the college, the department has forwarded the feedback suggestions to the Governing body of the college.
