## 1. Energy Conservation Measures:

### A. Installation of LED lights:

The College has changed all the lights in the College building to LED tubes to save energy.

All the lights in the classrooms have LED tubes to reduce electricity consumption.

## D. Approval of Solar Project:

The college had applied for solar energy apparatus to WBREDA and it has been approved. The approval document has been approved.

SOLAR ENERGY INITIATIVE BY BBKM SINCE 2018

Balagarh Bijoy Krishna Mahavidyalaya is the first college in Hooghly District, WB who took initiative to install solar power as on 28.11.2018. Subsequently, It was approved on 27.11. 2019. Grid connected Roof top Solar PV power plant of PV Array Capacity 20 kw were sanctioned to this college and received permission to set up at the roof of the college with the help of West Bengal Renewable Energy Resource Development Agency (WBREDA), is powering instruments through Bikram Solar Ltd. Of The Chambers, 8<sup>th</sup> Floor, 1865, Rajdanga main road, Kolkata-700107. When the project was to be installed the total work of setting up solar panel in the roof of BBKM remained stopped due to Pandemic in March 2020. In the year, 2022 when the new normal was introduced, then this college again initiated to make contact with BIKRAM SOLAR But the Company already liquidated.

DD-27-11-2019

To  
THE PRINCIPAL  
Balagarh Bijoy Krishna Mahavidyalaya  
P.O. Balagarh  
District Hooghly, Pin: 712501,  
Mob: 9830543752

**Sub: Approval for setting up of Grid connected Roof top Solar PV power plant of PV Array  
Capacity 20 kWp at Balagarh Bijoy Krishna Mahavidyalaya**

Sir/Madam,

The Government of West Bengal has approved a project for installation of 900 nos. grid connected Solar PV Power Plant each of array capacity 10 kWp at various schools and 100 nos 20 kWp systems at various colleges in West Bengal. The West Bengal Renewable Energy Development Agency (WBREDA) being a State Nodal Agency has been assigned to implement the project.

Under this project, a preliminary survey has been carried out at the prospective colleges to assess the technical feasibility/ suitability for installation of Grid Connected Roof Top Solar PV Power Plant of array capacity 20 kWp

In this connection, I would also like to inform you that the PV Power Plant will be of grid connected type without battery backup. The power plant will supplement energy consumption from grid supply and thus reduce the expenditure for electricity through net metering arrangement.

As per preliminary survey after the site inspection, your college is otherwise technically feasible for installation of grid connected Solar PV Power Plant of array capacity 20kWp. WBREDA has deployed M/S Vikram Solar Ltd of Address: The Chambers, 8th Floor, 1865, Rajdanga main Road, Kolkata-700107, Sri Joydeep Roy Chowdhury, Mobile No: 9073954561 to execute the project at your college.

In this context, you are requested to apply to your local electricity supply office of WBSEDCL and submit the Prescribed Application Form(s) of WBSEDCL (available at supply office and also at the website [www.wbsecl.in](http://www.wbsecl.in)) after duly filled up and execute the Agreement with WBSEDCL for net metering arrangement with export import energy meter. A format of prayer letter to WBSEDCL is enclosed herewith.

It may be noted that the necessary expenditures as required for your institution shall be borne by the Government of West Bengal through WBREDA as a part of this project. The requisite fund will be placed to WBSEDCL centrally at their Corporate Office.

Principal  
Balagarh B. K. Mahavidyalaya  
Balagarh Hooghly W.B.

## BALAGARH BJOY KRISHNA MAHAVIDYALAYA

Hasimpur, Balagarh,  
Hooghly-712501  
West Bengal

Mobile: +918670272229  
Email: [bbkm.hooghly@gmail.com](mailto:bbkm.hooghly@gmail.com)  
Website: <https://www.bbkm.ac.in>

The project shall be implemented at your college maintaining the following terms and conditions:

### Scope and Responsibility of WBREDA:

- 1) Setting up of PV power plant
- 2) Hand over the project to the college after installation and commissioning of the power plants
- 3) Preventive and breakdown maintenance service as and when required for a period of five (05) years from the date of commissioning of the power plant.
- 4) WBREDA shall be the "Principal of the Project" during initial five (05) years maintenance period.
- 5) WBREDA will provide training to the beneficiary for day to day operation and maintenance of the system

### Scope Beneficiary Organization ( College):

- 1) The College shall be the beneficiary and end user of this project.
- 2) Providing of necessary clear roof space for installation of PV Array as identified during technical feasibility survey at the College on 9/23/2019
- 3) Providing of necessary separate space for installation of PCUs and other equipment Array as identified during technical feasibility survey at the College on 9/23/2019
- 4) Ownership of project will rest with the college. The asset of this project shall not be transferable. At the end of the life of the project the materials shall be disposed of properly.
- 5) No vertical extension / augmentation/ demolition of the proposed roof and no vertical extension of annexed buildings at South , East and West side of the proposed roof shall be done by the college authority to avoid the shadow effect on PV Array.
- 6) The college shall take up the necessary formalities with the utility (DISCOM) for arrangement of Net metering.
- 7) Regular cleaning of Solar PV Array at least once in a week in order to obtain optimum generation
- 8) Safety & security for protection of the system.
- 9) Providing all sorts of support during installation of the system and also to maintain the system.
- 10) The college shall designate one of their officials as the as the Nodal officer to look after the project.
- 11) Arranging of store room or make arrangement to store the material at the project site with security during installation of power plant.
- 12) Providing water source inlet point from which module cleaning arrangement may be set in the array field.
- 13) After five years from the date of handing over of the system, the college will make necessary arrangement for trouble free operation of the Power plant at their own cost.

You are requested co-operate during the installation process of the PV Power Plant at your institution For any further assistance, you may contact Sri Soumya Prokash Sil , Mobile No: 7003803752, Sri Sourav Das, Mobile No: 9062292033.

Encl: Format of prayer letter to WBSEDCL

Yours faithfully

  
(P.K. Basu)  
Chief Engineer

### 5. Disabled-friendly, Barrier Free Environment:

#### A. Assistive Technology for the blind students:

Balagarh Bijoy Krishna Mahavidyalaya has always provided a caring and friendly learning atmosphere for the differently abled students. An Assistive Technology for the blind or partially blind students has been installed in the College library. The screen reading software called 'Non-Visual Desktop Access' (NVDA) has been installed. With the help of this software blind students of the Institution can access learning resources available through the internet. The Library Assistant is always present to help the student.

NVDA screen reader has been installed in this computer in the College Library.(1)
