### **Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.**

Infrastructure is an essential part of an educational institution. Without appropriate and adequate infrastructure, no academic institution can fulfill its avowed aims. An educational institute can perform properly only when there is healthy synergy between its students, its faculty and its staff. An apt and adequate infrastructure is one of the major factors to ensure this. With this realization in mind, this institution works towards maintaining an infrastructure that successfully facilitates the teaching-learning process. One of the prime ingredients of infrastructure of an institution is the learning resources it provides to its students. Hence, this institution accords premium value to provide the best possible and learner-friendly learning resources to its students. There is a Infrastructure Committee to look after any infrastructural need and repairs. Annual contracts are made for maintenance of equipments like Generator, Computers with LAN, Students Data base management System, Accounting Management System, Library Management System, FA & EPBX, photocopy Machines, Aqua Guard, Fire Extinguisher etc. The big ground in the College campus is utilized for sports, games and physical education classes, NSS activities and NCC is well maintained. The Chemistry, Physics and Geography labs are well maintained by teachers and non-teaching staff. The College authority pays special attention to the cleanliness of the campus. Any damage to furniture in classrooms is immediately repaired and electrical equipments are maintained with proper care. Any non-functioning equipment or damaged furniture is immediately brought to the attention of the Infrastructure committee or the Principal.
