Institutional perspective plan or Institutional Development Plan (IDP)

The institutional perspective plan or Institutional Development Plan (IDP) is framed in consultation with the departments and various committees of the College. The departments and committees bear the responsibility of carrying out the plan according to the guidance of the principal and College authority. The financial allocation for activities, if any, is decided by the finance committee. The governing body of the college, the Principal and the IQAC monitor over such activities

Key Strategic Plan:

Short-Term Objectives:

1. Student-Centric Approach: Prioritize student needs and experiences in decision-making processes.
2. Enhancing Student Skills: Develop programs to enhance students' academic, professional, and personal skills.
3. Increasing Library Usage: Encourage greater utilization of library resources and services by students and faculty.
4. Boosting Footfall: Attract more students and faculty to utilize campus facilities, including the library.

Long-Term Objectives:

1. Infrastructure Development for Research: Invest in state-of-the-art research facilities to facilitate cutting-edge research.
2. Modernization of Computer Labs: Upgrade computer labs with the latest technology and software applications.
3. Upgradation of Library: Enhance the quality and accessibility of library resources and services.
4. Bringing Industry Experts for Practical Exposure: Provide students with practical exposure to real-world challenges.
5. Adopting Digital Learning & E-Learning: Embrace digital learning technologies to enrich the teaching and learning experience.
6. Collaboration with Reputed Global Institutes: Foster partnerships with global institutions to exchange knowledge and best practices.

By pursuing these objectives, the institution aims to strengthen research infrastructure, modernize facilities, and enhance collaboration with industry and academia, contributing to academic excellence, innovation, and global competitiveness.
